CAP FICAT

2014 XAREL·LO

'Capficat': a branch that's buried –without being cut from the stump it grows from– and gives life to a new vine.

The white wine **Capficat** comes exclusively from our family-owned vineyards in the Alt Penedès county. All of our vineyards have been grown following the principles of organic, biodynamic agriculture.

We let plant cover grow spontaneously between the vines. This cover plays a crucial role, loosening the soil, regulating water retention and drainage (essential in the dry farming system we practise), and helping to foster biodiversity and to maintain a balance in the vineyard ecosystem. Natural treatments of medicinal plants (phytotherapy) are applied to the vines in order to control the presence of fungus and strengthen the vine's defences.

All Celler Credo grapes are harvested by hand to ensure the excellent quality of the fruit. All wines are produced and bottled on the property.

Capficat epitomizes purity and transparency. It contains no added sulphites, only those naturally produced by yeasts during the fermentation process.

It is an unclarified and unfiltered wine that reflects the quality of the grapes used and the work done in the vineyard. Must fermentation takes place in oak barrels, and the wine is then left in the barrels for approximately one month and a half. **Capficat** seeks to give the fullest possible expression to the terroir and may have completely natural sediments as a result of our minimal intervention.
